Customer Review It is no fun going to the dentist, but if you lose a tooth, then Cosmetic Dental is The Place to go. The staff are super kind, gracious and friendly which is most reassuring. Clinic is extremely hygienic and there is no nail biting wait time. Most of all, Dr. Doundoulakis is simply the Best! He is world renowned for his speciality - Prosthodontics. I have genetically very weak teeth, so am very fortunate to have Dr. Doundoulakis take care of my two implants, multiple crowns, veneers and various other dental problems. I highly recommend Dr. Doundoulakis and Cosmetic Dental Rehabilitation for the ultimate dental specialist care and truly appreciate his expertise in enabling me to smile and chew with confidence.

**Customer Review** My experience was fantastic, start to finish! Scheduling the appointment was made easy with the help of Jackie and Elba. I have a newborn so I had to do a little bit of appointment juggling, but they were very flexible (and always took the time to ask about the baby). I received an informative set of materials in advance of my appointment outlining the procedure, which included the doctor's recommendations about care for my teeth. It also included a clear outline of the payment due which was helpful. At the appointment, I was greeted warmly by all members of the team - Jackie, Elba and Dr. Doundoulakis. The appointment time was kept; my appointment was at 9am and I was in the chair at 9am. Throughout the appointment, Dr. Doundoulakis was communicative and informative about what was going on, why he was doing what he was doing, and what I might expect to feel at any particular time. I felt relaxed and well-aware of what was going on. At the conclusion of my procedure, Dr. Doundoulakis let me know what to expect and an estimated timeline of next steps. All in all, it was an excellent experience. THANK YOU to Jackie, Elba and Dr. Doundoulakis!!

Customer Review I am thrilled to have found Cosmetic Dental Rehabilitation-NY, the practice recommended to me by my former dentist who retired. The staff is wonderful - expertly trained, professional and compassionate. The office is located on one of the most beautiful streets in Manhattan It is an immaculate and comforting place that is equipped with the most high level technology I have seen. Dr. Doundalakis is superbly qualified and especially gifted. This is dentistry elevated to an art form! I am immeasurably content as a new patient could possibly be.

**Customer Review** Having lost my 4 front teeth at an early age, I had worn dentures and later on a bridge. However, due to bone loss in my gums, even the bridge was getting unstable and I was Desperate! I was just in my early 40s. Britain, where I grew

up is not known for its dental 'correctness'. So, when I relocated to NYC and after heaps of research and consultations with several surgeons, I was delighted that Dr. Doundoulakis agreed to take on this daunting task. The restoration of my upper jaw involved implants, crowns and a year of painstaking work. That was 8 years ago and it is SO WORTH IT! Ever since, my dental health is in his hands and that of his excellent team. Lisa, his hygienist is thorough and gentle, the surgery is spotless, modern with top-line equipment and the appointments are so strictly scheduled that you are never kept waiting. I just got to say this with a huge smile :) - every chew I make, I give thanks to Dr. Doundoulakis and his amazing staff!
